

Product Overview

TTECH FR-AP is designed to suit the high density fiber cable termination and management in telecommunication exchanges, data centers or communication rooms. The innovative design brings proper cable management and easy maintenance.

Advantages:

- Removable front and rear door for easy access during fiber termination work.
- Inner fiber adapter plate avoid touching and affect fiber systems.
- Interchangeable adapter plate to allow different interfaces patching.
- Flappable splice trays to ease tedious splicing work and fiber cable management.
- Strength member clamp to avoid cable pull-out.

Specification:

- Material : Aluminium
- Finishing : Epoxy coating
- Colour : Beige or black

Ordering Information

Part Number	Description	Dimension (HxWxD)
TTFO-FR-AP-2U-12	FR-AP Fiber Distribution Panel - 12 Port	88.90 x 431.80 x 305.20
TTFO-FR-AP-2U-24	FR-AP Fiber Distribution Panel - 24 Port	88.90 x 431.80 x 305.20
TTFO-FR-AP-3U-36	FR-AP Fiber Distribution Panel - 36 Port	133.35 x 431.80 x 305.20
TTFO-FR-AP-3U-48	FR-AP Fiber Distribution Panel - 48 Port	133.35 x 431.80 x 305.20
TTFO-FR-AP-4U-72	FR-AP Fiber Distribution Panel - 72 Port	177.80 x 431.80 x 305.20
TTFO-FR-AP-5U-96	FR-AP Fiber Distribution Panel - 96 Port	222.25 x 431.80 x 305.20
TTFO-FR-AP-6U-144	FR-AP Fiber Distribution Panel - 144 Port	266.70 x 431.80 x 305.20
