

FR-NX Fiber Rack Mount Panel (Slide Out + Top Access)

Product Overview

TTECH launched another state of the art Fiber Management System, FR-NX. FR-NX Fiber Distribution Panel is designed for terminating optical fiber in exchanges or communications room where higher density is required. The panel depth is enhanced and more internal fiber management mechanism is provided to ensure proper and secure fiber works. Easy installation and cost effectiveness is achieved with this ideal user friendly design.

Features

- Removable and swing down front door allow easy access for patching purposes.
- Nice and tidy with front door
- Interchangeable adapter plates accommodate various types of adapters
- Slide out design allow easy access and reduce installation time
- Removable top cover as additional access for maintenance purposes
- Flippable splice organizer trays provide easy access during splicing work, maintenance is no more tedious
- Strength member clamp provides strain relief to avoid cable pull-out
- Interchangeable side bracket alllows 19", 21" and 23" mounting.

Specifications

Material :	Aluminium with epoxy coating
Finish :	High quality epoxy powder coated
Colour :	Beige or Black

Ordering Information

Part Number	Description	Dimension (H x W x D)
TT1-FR-NX-2U-12	FR-NX Fiber Distribution Panel - 12 port	88.9 x 431.8 x 340
TT1-FR-NX-2U-24	FR-NX Fiber Distribution Panel - 24 port	88.9 x 431.8 x 340
TT1-FR-NX-2U-36	FR-NX Fiber Distribution Panel - 36 port	88.9 x 431.8 x 340
TT1-FR-NX-2U-48	FR-NX Fiber Distribution Panel - 48 port	88.9 x 431.8 x 340
TT1-FR-NX-3U-72	FR-NX Fiber Distribution Panel - 72 port	133.4 x 431.8 x 340
TT1-FR-NX-3U-96	FR-NX Fiber Distribution Panel - 96 port	133.4 x 431.8 x 340
TT1-FR-NX-4U-114	FR-NX Fiber Distribution Panel - 120 port	177.8 x 431.8 x 340
