

Product Overview

WFB-AD Fiber Wall Mount Distribution Box

WFB-AD Fiber Wall Mount Distribution Box is designed for fiber termination for telecommunication exchanges, power plant communication systems, networking systems, data center, equipment rooms and other fiber optic related works.

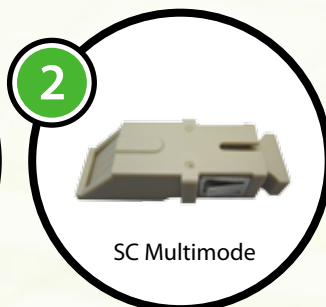

WFB-AD is an enhance designed fiber panel with shutter adapters. The anti dust adapter provide clean patching surface and connection. Performance is improved. The state-of-the-art design is aligned with fast pace field work especially for telco operators' works. Testing activities is less time consuming without removing and returning normal adapter caps.

Features

- Front access design provides easy fiber patching
- Easy cable entry at top and bottom of box
- Double lockable door provides protection and security
- Flip through splice trays allows easy maintenance
- 3 types of SC adapter available.

Advantages

- Shutter adapter provides dust prove, ensure clean mating surface.
- Reduce testing time.
- Save cost by minimizing exchange of adapters.

Specification

Dimension: 12 Port
24 Port
36 Port

Material Mild Steel

Finishing Epoxy powder coating

Colour Beige, Light grey, Black and customized colours
